

Turnitin2 Daily Online Training Schedule

Live Training Sessions to Help You Get Started with Turnitin2

Turnitin2 integrates three essential instructional support tools: OriginalityCheck™ plagiarism prevention, GradeMark® paperless grading and PeerMark® peer reviewing. These live training sessions will help you get started with using Turnitin2 and familiarize you with the changes from Turnitin WriteCycle to Turnitin2. With Turnitin2, you will:

- Work with a single, "all-in-one" view of a student's paper in its original format, including styled text, graphics and photos.
- Save time and increase productivity with improved tools and a unified user interface.
- View feedback from all sources in one comprehensive, multi-layered view.
- Maintain academic integrity and engage students in their development as learners.
